Anton Tursenev

Best skills and what I want to do

Skills	Building customised websites to the highest specifications. Working under pressure and to tight deadlines. Coming up with solutions to seemingly intractable problems. Making recommendations on the use of new and emerging technologies. The ability to work on your own with minimum supervision.
What I want to do	Developing useful and interesting projects. Working closely with other developers and professionals. Continuous skill improvement. Motivating the team to self-development, inspire and organize.

Technical Skills

	Less than 2 years	From 2 to 5 years	More than 5 years
Languages	Golang	Node.js, PHP, TypeScript	JavaScript, HTML, CSS
Frameworks	Electron, React Native, Laravel, Meteor	Redux/Flux, Vue.js, WatermelonDB, RxJS	React
Techniques			TDD, DDD, Scrum, Kanban
DBMS		PostgreSQL, MySQL, MongoDB	
CI/CD	Github Actions	Docker, Jenkins, Jest	Eslint, Mocha.js

Additional Skills

English	IELTS score 6.5

Education

University

Sep 2002 - Jun 2007	**Master of Computer Applications (M.C.A.), Computer science**, *Vyatka State University, Kirov, Russia.* Studied Computer Science with some focus Artificial Intelligence.

Experience

June 2022 - Present
Frontend developer, *UAB Ruptela, Lithuania,*
https://www.ruptela.com.
Development of the user interface of fleet management platform TrustTrack.
Technologies: React, RxJS, Redux.
